Presented by
Linda Lamitola CSC, SC:L & Carla Goldsmith CI/CT, SC:L

Ever want to make something known in court but weren't sure when to do it? Or ever wonder if the court even permits you to speak up? If you do get up the nerve to speak up, which words will get your point heard by the court better than others?

Learn the Judiciary "insiders" about interfacing with the courts. Find out what resources are available to you when accepting a court assignment.

Learn the court policies & protocol ASL interpreters are required to follow and where to access them.
